

LGR Family Day, September 20

After 3 years, Lansing Grand River decided to open up shop to family and friends again and it was a gorgeous day for this event. Our Club setup our well know canopy and staffed it the whole day from 9-2 p.m. We brought in 8 new members that day and handed out many brochures. Some of us even helped out on the food line. They opened the Body Shop and General Assemble (GA) for tours. We heard there were roughly 2,000 visitors. The R.E Olds Transportation Museum had it's 1994 Oldsmobile Cutlass raffle car there with tickets still available at the museum or online at; [RAFFLE](#)
